Ever striving for the Pikes Peak Region to be an even better place to live

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is self-control, no more, no tess. It must be consistent with the truths expressed in such great moral guides as the Golden Rule and the Declaration of Independence.
